

Kingsville Italian Day 2016

You might be mistaken for thinking you were transported to Italy on Thursday 13th of October when Kingsville transformed into green, white and red for Italian Day. Students participated in a range of experiences that gave them some insights into Italian cultural life. The day began with some Italian music and coffee for parents, then multi aged groups of students participated in cooking, sport and art activities. Students were immersed in a range of activities such as making Italian flags, constructing the Leaning Tower of Pisa, drawing under tables like Michelangelo, making Pinocchio biscuits, making jam sandwich biscuits, playing Tombola, playing soccer and participating in gondola and waiter races. After the excitement of the activities students were treated to an entertaining and engaging incursion before they got their delicious gelati at lunch time. The day culminated with a whole school parade where students displayed the creativity of their Carnevale masks and costumes. A big GRAZIE (thank you) to everyone who helped make it such a great day!

Student reflections...

Lulu FD - I liked making the Pinocchio and Jam biscuits because it was fun.

Michael FC - I liked the Gelati and making those Leaning Towers.

Ewan 1B - It was really fun making jam biscuits because it was really messy and I enjoyed making and eating them!

Ella 2C - I quite liked the waiter races because you had to focus on not dropping the food and water.

Lewis 3B - When we made the Pinocchio biscuits it was really fun because at the end you got to eat them and they were really yum!

Scarlett 4A - Italian Day was really fun and it was fun to dress up and do all the activities like you're in Italy.

Conor 5A - Everyone was having a go. No matter what age you were, everyone was talking and cooperating with each other.

Essie 5D - I liked how you could admire the different costumes and I enjoyed doing all the different activities.

Hilary - It was really good to see the older students help the younger students with making their flags.

Laura - I really liked the way the Year 6 students ran the Jam biscuit making sessions. I was really proud of them!

Some photos from the day...
