## Principal's Message

I am confident that Kingsville parents, carers, guardians and extended family members will join with me in acknowledging Kingsville staff on this important day.

Today, Victoria joins with the rest of Australia in celebrating World Teachers' Day also known as International Teachers Day. It was established in 1994 to commemorate the signing of the 1966 UNESCO recommendation concerning the status of teachers. UNESCO states that from their view point World Teachers' Day should focus on "appreciating, assessing and improving the educators of the world"

In my opinion the acknowledgement and appreciation of teachers and the profession should be ongoing however, optimizing on this publicly acknowledged day provides us all with the opportunity to say –

***"thank you Kingsville educators, you make a profound difference to young lives every day "***

My personal congratulations to all Kingsville educators being - teachers, support and administrative staff and all members of the leadership team.

At KPS 'our teachers' are there every step of the way along each individual student learning journey inspiring and, motivating our students to flourish. The transformative role they play every day both inside and outside of classrooms is significant.

Collective acknowledgement was suitably shown at the full school assembly today. The 2022 theme of '**hats off to teachers**' was demonstrated by the staff themselves along with, students and parents.

**Extract from a past newsletter message by Jeff McDonald Assistant Principal– definitely worth a re-print**

When we reflect on our own schooling, I'm sure we can all recall a teacher who had a significant impact on us. The teachers that we remember well are often those who challenged and pushed us to achieve whilst also appreciating us as individuals. All of us will have different stories and memories of school days but there will be recurring themes. Teachers who ensure engaging learning experiences and bring learning alive and have high expectations and a deep knowledge of how children learn, will always earn great respect. Good teachers are remembered for their passion and those who take the time to form meaningful relationships leave an enduring legacy, long after school days are over.

***"Better than a thousand days of diligent study is one day with a great teacher."*** - Japanese proverb.

### **Roses Gap Camp**

Congratulations also to staff and students who have participated this week in the Year 5 camp. They will be welcomed home later today and will have many stories to share.

Thank you to everyone involved including Blagma Veljanoska organiser and, KPS families who continue to support our camping program.
