Principal's Message

Today all KPS families should have received via Compass details of a **Parent/Carer survey**.

This survey provides an opportunity for **parent voice** to be expressed about key aspects relating to the current **school self-evaluation** process which is being undertaken as part of our engagement in a full school review.

We are hopeful that a high percentage of KPS parents/carers take the time to contribute. Your voice, your feedback, your opinions are sought and will be highly valued and utilised within the review process.

School Photos

A further Compass post was sent today being a reminder about **school photo day** – this Monday June 6th.

Students should be in full school uniform and don't forget some extra attention to appearance so that their children and grandchildren in years to come will look back and admire their ancestors.

All hair accessories should be in school colours, and any tights or socks should be navy blue.

- ***an exciting and important day***

2022 DET School Review - Parent feedback form and opportunity

School reviews are a time to **stop, reflect, analyse** and also **celebrate**. They provide for a collective reflection regarding the individual journey of a school over the last 4 year period in performance and practice. The work carried out should ensure positive and valuable contributions to the school's efforts to improve **environment, engagement, wellbeing** and **student learning outcomes**.

This year we are engaged in a **DET school review** and in line with the review timetable we are this term undertaking **school self-evaluation**. This involves reflecting upon and working to determine to what extent the school has achieved the goals set in our "**Strategic Plan**" **2018 – 2022**.

The school leadership team is currently engaging with staff, students, parents, school council and DET regional representatives, in working to gain input from stakeholders. To assist with this, we are carrying out **staff, student** and **parent forums**. Taking into account the current environment and level of cold, flu and Covid circulating in our community, the **parent forum** i.e. the opportunity for parent voice will be provided online and, feedback will be gained through the completion of this form.

As shared with parents on Compass, feedback can be provided using this link:
<https://forms.office.com/r/92qGYaDVwt>

We ask for all feedback to be provided by **Friday 17th June**.

eSMART News

As advertised in the [School Newsletter 27/05/22](#), we are very excited about the upcoming workshops facilitated by Martine Ogliathorp from the Modern Parent Organisation <https://themodernparent.net/> on Friday 17th June. In these sessions, our Year Six students will be engaged in learning about cyber safety, issues of privacy, digital literacy and resilience. While Martine will be working with the Year Six students, Kingsville Primary School's digital literacy curriculum and eSMART practice is ongoing and is implemented throughout all year levels.

We also believe that a partnership between the school and our school community is critical to empower students to navigate the digital world safely and ethically. In last week's newsletter, we included links to resources around navigating smartphones and key online milestones for children.

Please consider accessing any of these additional digital resources from the eSafety commissioner that may supplement the conversations you have with your children and the practices within your household regarding staying safe while online.

- [The eSafety Guide](#) – Information about games, apps and social media, including how to protect your data, manage settings and report harmful content. This guide has specific information on many of the platforms some Kingsville students currently use, including **Snapchat, Messenger Kids, Roblox, Minecraft, Among Us**, and many more.
- [eSafety Kids Conversation Starters](#) - question cards designed to be used in a family or education settings to start everyday conversations about online safety
- [Taming the technology](#) - How to use parental controls and other tools to maximise online safety in your home.

TAKE A TICKET

At my local greengrocer, you take a ticket from the machine and wait until your number is called. The roll of tickets goes from 000 up to 999.

When I was there last week with my neighbour, we took two tickets in a row and our two numbers added to 777.

What was the next ticket number after ours?
