2022 Dates to Remember

July

Mon 11th
11th – 15th
Tues 12th
Thurs 14th
18th - 22nd

Day 1 Term 3
Teacher Planning week
Student Led Conferences
Student Led Conferences
Canberra Camp

Wed 27th

2023 Foundation Tour

2022 Term Dates

Term 3 Monday 11 July to Friday 16 September
Term 4 Monday 3 October to Tuesday 20 December

Principal's Message

Another moment in time this morning when parents / carers were welcomed back onsite as the audience for Friday morning assembly. At the end of term 1 parents came into the grounds for the 2022 Easter Hat parade however now, the ability to be able to move back inside school buildings allowed for the return of the very much missed parent / carer component of Friday assembly.

At 9.05am an audience of parents / grandparents and other family members filled the side of the hall and there was standing room only with pushers and prams outside on the deck. An assembly item from Foundation students is always a major draw card and today was no exception. Filming of the wonderful "Welcome to the Jungle" item will most definitely see repeated viewings at family events and, milestone birthdays for many years to come.

Thank you to the student leaders Frankie Blaisdell and Harry Robertson who welcomed families back and facilitated a number of other aspects of the Friday morning Assembly.

NB. please see planned works in the area that are expected to impact on parents / carers accessing the OHSC holiday program. Parking in Sommerville or further afield and walking would be advisable.

I hope all students have an enjoyable term break and I along with all staff look forward to welcoming you and your family back for term 3 beginning Monday 11th July.

Teacher Planning Week

In 2022 Kingsville will continue to have two teacher planning weeks, one in Semester 1 and one in Semester 2.

The Semester 2 planning week will be completed in Term 3, Week 1 beginning Monday 11th July

What happens during this week?

Over the course of planning week each cohort of teachers is allocated a day to collaboratively plan the teaching and learning experiences and opportunities that will take place throughout the semester. This planning is driven by student, class and cohort data, making the teaching and learning relevant and meaningful for students.

Kingsville, through the PYP framework, utilises an inquiry-based, student-centred transdisciplinary curriculum framework that builds conceptual understanding. Through acknowledging and aiming to meet the diverse needs of the student – physically, socially, intellectually, emotionally – the programme aims to create learning that is engaging, relevant challenging and significant.

Within their teaching teams, teachers will also develop a yearly Program of Inquiry, mapping out the six transdisciplinary units of the Primary Years Programme across the year, and connecting the Learning Areas of English, Maths, Humanities, Science, Health and PE, Technology and The Arts to these units of inquiry.

Planning week is a significant undertaking by the school, both logistically and financially, however we value the time this provides for teachers to plan, develop, and implement high-quality, targeted teaching and learning programs.

On the day that teaching teams are planning the classroom program is supported by the specialist teachers and casual relief teachers.

The dates of different levels planning are:

- Monday 11th July: 5/6 Levels
- Tuesday 12th July: Specialist and Foundation
- Wednesday 13th July: 1/2 Level
- Thursday 14th July: 3/4 Level
- Friday 15th July: Year 6 Exhibition planning

Sam Eason
Acting Assistant Principal

Kingsville Awards

To be presented on Friday 15th July

FFW		3/4C	Sophie McColl
FMC	Devon Heyes	3/4H	Justin Curmi
FRT	Felix Fuhge-McGann	3/4J

Sports News

Track and Field Team

The school track and field team has been finalised. The team will be competing in the Westgate District event next term, and more information will be sent to those children in the event. The team list will also be on display outside the hall.

There has been an unfortunate clash with the grade 6 Canberra Camp and the District Track and Field event which means that grade 6 children will be unavailable to compete this year. Because this is booked a year in advance, the date is unable to be changed.

As a District, the decision was made earlier in the year that children who are unavailable to compete for any reason at a District level are unable to ask for an invitation to compete at the next level. This is consistent across all eight schools in our District.

We wish all children good luck for their event.

Virtual Cross Country

School Sports Victoria are again running a virtual cross country for those children who are interested. More information can be found here: <https://www.ssv.vic.edu.au/sport/cross-country#:~:text=Virtual%20Cross%20Country,and%20give%20it%20a%20go>.

This might be a great school holiday activity for children to participate in.

Walk and Wheel Wednesday

There have been some wet starts to some Wednesdays this term but that has not stopped many of our students getting on their bikes, scooters or feet to start their day in a healthy way. The excitement each week as we announce the house points is definitely becoming a highlight of the end of our assemblies. The first class to win was announced over the classroom speakers.

The roar down the corridor from 3/4L, proved just how 'coveted' this trophy is! Last week saw 5AA presented with the prize-winning trophy! The photos from these two classes says it all but who will win the 'coveted' Wheelie and Walkie Trophy this week?

ROCKETEERS
Extraordinary Holiday Adventures

BOOKINGS NOW OPEN FOR ROCKETEERS

Kickstart your school holidays with over 150 showcase experiences, at over 200 convenient locations. Your child could be bringing their own drawings to life through animation in *Experience Takeover: Illuminated Animations*, showing off their individuality through our fashion show in *Mission: Takeoff VI*, celebrating the commonwealth games with a round robin of sports in *Adventure: The Rocketeers Games*, building your own longship in *Project: Anchors AWAY*, or any other of our incredible experiences.

Plus, if you haven't been to Rocketeers in 2022 you'll receive your brand new Rocketeers shirt on your first day!

EXAMPLE OF A DAY AT ROCKETEERS

6:30am

Breakfast

Flexible Play Options:
Boardgames, Morning Yoga.

8:00am

Feature Cooking Experience

Let's make yummy cheese and Vegemite scrolls – the perfect morning snack!

10:30am

Illuminated Animations

Special Guests are taking over Base Camp with this awesome creative experience. Draw, upload and animate!

1:00pm

Lunch

2:00pm

Wacky Sports

Combining soccer and basketball, let's play a fun, friendly tournament to see who can kick the most balls through the hoop!

3:30pm

Afternoon tea

4:00pm

Choose your adventure

Science experiments, Construction fun, Bead jewellery, Story time.

FAMILIES CAN BOOK INTO FOUR DISTINCT TYPES OF EXPERIENCES WITH ROCKETEERS, BUT REALLY, THERE'S HUNDREDS!

OPERATION: X (Base Camp Day)

At Operation: X, children will experience a program tailored around their passions and centred around a special theme.

In our Mission VI, experience Operations such as NAIDOC, Commander's Choice, Level Up and more.

PROJECT: X (Incursion)

At Project: X, children will be challenged with an exciting experience designed to upgrade their skillsets and enhance their fun!

In our Mission VI, experience Projects such as Mission: Takeoff VI, Green Escape, Anchors AWAY and more.

EXPERIENCE TAKEOVER (Incursion)

At the Experience Takeover, we'll be visited by Special Guests. These experts in their field will be bringing with them an exciting experience for the children to enjoy.

In our Mission VI, you'll find Experience Takeovers such as Illuminated Animations, Voice Actor Masterclass, and more.

ADVENTURE: X (Excursion)

At Adventure: X, we'll be embarking on a journey outside Base Camp. Every destination is different, every experience – extraordinary.

In our Mission VI, experience Adventures such as Tenpin Bowling, Arcade Fun, Trampoline Parks, Cinema Experience, The Rocketeers Games, and more.

ALL ABOUT CONVENIENCE

- Over 200 locations
- Enhanced COVID-Safe plan and actions
- Child Care Subsidy available for eligible families

To attend any of our Rocketeers locations, your child does not need to be a student at the school where we operate. Simply register free with Camp Australia and book into your most convenient Rocketeers location.

Footscray underground cable upgrade

Planned works in your area

Zinfra will be installing underground electricity lines in the road reserves of Bishop Street to support future increases in electricity demand and deliver safe and reliable energy in the Kingsville, Footscray and surrounding areas. The works are scheduled to begin in June 2022. There is plans to bore underneath Stony Creek to minimise surface level disruption.

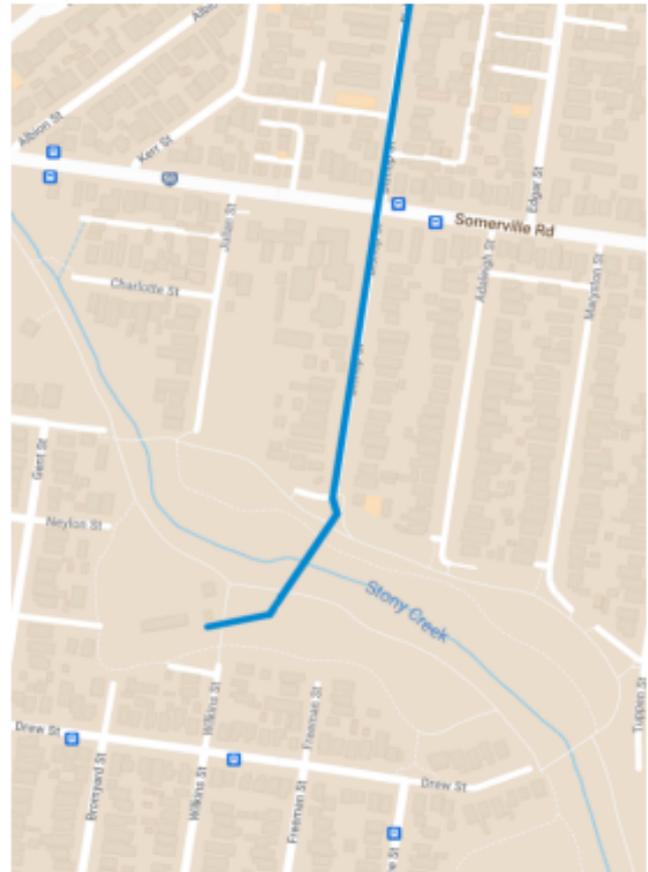

The proposed works will commence in Bishop Street. The works may be delivered in concurrent stages to minimise disruptions. The works near Kingsville Primary School and Merriwa Kindergarden will be scheduled during school holidays to minimise disruptions.

We are working to minimise any impacts to the community during the construction period. We will work with businesses and residents living on these roads to ensure access to their property is maintained throughout construction. However, there may be short periods of time where a driveway or car park will be blocked. Zinfra is aware of community concern of the underbore at Stony Creek and safety precautions will be in place to keep the community safe.

There will be no interruption to water, gas or electricity during construction. A traffic management system will be in place to ensure vehicles can still use the roads in both directions.

Have your say

If you have specific access requirements, we encourage you to get in touch with us. All feedback will be considered by the project team and used to inform construction planning. We will continue to keep customers and the community updated as the project progresses.

How to have your say

Let us know if you have any access requirements during construction. Please provide feedback at your earliest convenience to help inform construction impacts. Contact our community engagement team on 1800 229 258

If you need help understanding this information, please call the Translating and Interpreting Service on 131 450
